ECP MEDIA

We provide our clients with more than planning and buying services—we create plans that other agencies wish they'd come up with. We put your message in the right place at the right time to reach your audience and maximize your investment.

BIG IDEAS
without the big agency,
big city, big budgets
or big egos.

WORK

Client Consumer Creative

3-LEGGED STOOL

All the best work sits on top of a 3-legged stool, and a well-designed stool needs a balance of equal foundations to stand. If any leg gets cut short, the work could fall. Our creative follows a similar philosophy.
